# Prospectus.

THIS Institution, known at present as ST. XAVIER COLLEGE, was established October 17, 1831, by the Rt. Rev. E. D. Fenwick, D. D., the first Bishop of Cincinnati, under the name of the "*Athenaeum*." In the year 1840, it was given over by the Most Rev. Archbishop J. B. Purcell, D. D., to the Fathers of the Society of Jesus, who have conducted it ever since under the title first mentioned. It was incorporated by the General Assembly of the State in 1842. In 1869 an act was passed which secures to the Institution a perpetual charter, and all the privileges usually granted to universities.

The course of study embraces the Doctrines and Evidences of the Catholic Religion, Logic, Metaphysics, Ethics, Astronomy, Natural Philosophy, Chemistry, Mathematics, Rhetoric, Composition, Elocution, History, Geography, Book keeping, Arithmetic, the Latin, Greek, English, German and French Languages. Vocal and Instrumental Music. The College is provided with suitable Chemical and Philosophical Apparatus, and possesses a valuable Museum, containing a large collection of Mineralogical and Geological specimens. The Library numbers about 12,000 volumes. There are also select libraries for the use of the students.

The scholastic year consists of but one session, beginning on the first Monday of September, and closing about the end of June, at which time, after due examination of the classes, the Annual Commencement Exercises are held.

All who complete the Collegiate Course receive the degree of Bachelor of Arts. They can afterward obtain the degree of Master of Arts, by devoting one year more to the study of Philosophy, or two years to any of the learned professions.

Test exercises are given every month in the several branches of study taught in each class, the standard being twenty merit-notes. The result of these competitions is registered in a book kept for that purpose, so that by applying to the President or Vice-President, parents may, at any time, know the standing of their sons in class. At the close of the session the merit-notes received for all the monthly exercises on each subject-matter are added together, and a prize is awarded to the student who has obtained the highest number. The premiums given at the annual exhibition are decided in this manner. Once every month, in the presence of the Faculty and students, badges of distinction for proficiency, and testimonials of good conduct and diligence, are bestowed upon the most deserving.

Monthly bulletins, stating conduct, application and attendance, are given to the students; and parents are requested to demand them from their sons at the beginning of each month.

Punctual attendance is earnestly recommended. Parents are regularly informed of the non-attendance of their sons, who, in case of absence, are invariably required to bring a note of excuse to the Prefect of Studies. In order that the lessons may be prepared with proper assiduity, parents are requested to insist on their sons studying at home for two or three hours every evening. When students are to be withdrawn from the Institution, due notice should be given the President.

The College is opened every morning at 7 o'clock. Those who come before the time of class proceed at once to their respective recitation rooms, and devote the interval to private study. All, except those who are not Catholics, are required to be present at 8 o'clock to hear Mass, which begins at that hour. At 8½ o'clock A. M. the regular exercises of class commence, and close at 4 o'clock P. M.

When a pupil presents himself for admission, he is examined by the Prefect of Studies, and placed in the class for which his previous attainments have fitted him. If he comes from another College he is required to bring satisfactory testimonials from the officers of that

Institution. During the session a student may be promoted at any time that he is found qualified to enter a higher class. None are received as boarders in the College.

In general, though the government of the Institution is rather mild than severe, yet, for the maintaining of order and discipline, without which good results are not attainable, strict obedience, assiduous application and blameless conduct are required of every student. Any serious fault regarding these essential points renders the offender liable to effective correction, and even to dismissal, if this be deemed necessary by the Faculty.
